8.15.2.9 PRIORITIES FOR ASSISTANCE: Any funds received by the department under the child care development fund and other sources are expended for child care assistance pursuant to the following priorities:

A. Priority one: Clients receiving temporary assistance to needy families (TANF) benefits are considered priority one clients.

(1) Participation exemption: The human services department grants participation exemptions to TANF clients who cannot locate child care. The children, youth and families department is responsible for the verification of the TANF participant's inability to locate child care. Reasons for a participation exemption due to

lack of child care are as follows:

- (a) the unavailability of appropriate child care within a reasonable distance from the individual's home or work site, or;
- (b) the unavailability or unsuitability of informal child care by a relative or under other arrangements, or;
- (c) the unavailability of appropriate and affordable formal child care by a relative or under other arrangements.

(2) A person who applies for participation exemption for any or all of the above reasons is referred to the children, youth & families department training and technical assistance (T&TA) contractor for that area. The T&TA assists the client with location of child care. The final validation/verification of a client's inability to locate child care is determined by the child care services bureau supervisor in conjunction with his/her supervisor. A client who receives a participation exemption due to lack of child care is required to re-apply for the exemption every six months. If a person disagrees with the determination of their eligibility for a participation exemption, they may apply for a fair hearing with the human services department (HSD). HSD is responsible for providing notice of the approval or denial of a participation exemption.

B. Priority one A: Clients participating in the supplemental nutrition assistance program (SNAP) as determined and administered by the human services department (HSD) are considered priority one A clients.

C. Priority one B: Child care assistance for income eligible families whose income is at or below 100% of the federal poverty level. If the number of eligible clients in this priority exceeds budget availability, the department may maintain a waiting list. The department prioritizes child care services within priority one B for children with special needs and for teen parents. If budget availability permits, the department reserves the right to transfer priority one B families whose income exceeds 100% of the federal poverty level but is at or below 200% of the federal poverty level to the priority four category.

D. Priority two: Child care assistance for a consecutive 12-month period for families transitioning off TANF. Clients must have received TANF for at least one month in the past 12 months in order to qualify for priority two. Only clients whose TANF cases are closed at least in part due to increased earnings or loss of earned income deductions or disregards are eligible for priority two. Priority two clients do not have to meet income eligibility requirements during their 12 consecutive month period of eligibility for priority two child care.

E. Priority three: No new families will be enrolled in priority three. This category will be eliminated through attrition as priority three families become ineligible for any reason including but not limited to: income exceeding 200% of the federal poverty level; failure to re-certify in a timely manner; or loss of employment which results in loss of benefits.

F. Priority four: Child care assistance for families whose income is above 100% of the federal poverty level but at or below 200% of the federal poverty level, adjusted annually in accordance with federal guidelines. These families are certified for a six month block of time subject to the availability of funds and renewable subject to the availability of funds. Exceptions to the six month certification period are included in 8.15.2.12 NMAC. The department reserves the right to expand the eligibility requirement up to 200% of the federal poverty level based on budget availability. Families in any priority may be transferred to priority four if budget availability permits. If the number of eligible clients in this priority exceeds budget availability, the department may maintain a waiting list. The department prioritizes child care services within priority four for children with special needs, teen parents and homeless families.

G. CPS child care: In addition to these priorities, the department pays for protective services child care (CPS) as determined by the protective services of the department.

The provider or the client shall notify the department within three business days after the fifth day of non-attendance. Upon receiving notice from the provider or the client within the prescribed timeframe, the department shall issue a notice to the client stating when the client's case will be closed and shall simultaneously issue a notice to the provider stating when the last date of payment will be made. Providers shall be paid through the 14th day following the first day of nonattendance provided that the department was notified within the timeframe prescribed above. If the department is not notified within the prescribed timeframe, the provider shall be paid through the last date of attendance. Clients in cyclical employment are exempted.

The hours of care needed shall be based upon the authorized representative's school, work or approved activity schedule. If the parent or guardian's absence exceeds 90 days, the authorized representative is required to apply for child care assistance. At this time, the authorized representative's income will be considered in determining eligibility, as per Subsection A of 8.15.2.11 NMAC. Under documented extenuating circumstances, including but not limited to military deployment, child care assistance may be provided for up to 12 months. 8.15.2.15 PROVIDER REQUIREMENTS: Child care providers must abide by all department regulations and provide child care paid for by the department to clients only while such clients are working, attending school or participating in a training program or participating in a TANF or SNAP approved activity/component. Child care provided for recreational or other purposes, or at times other than those outlined in the child care agreement, are paid for by the client. Knowingly accepting payment from the department for child care provided for recreational and other purposes is considered fraud and sanctions may be imposed.

A. All child care providers who receive child care assistance reimbursements are required to be licensed or registered by the department and meet and maintain compliance with the appropriate licensing and registration regulations in order to receive payment for child care services. All registered homes receiving child care assistance subsidies must be enrolled and participate in a CACFP, unless they are ineligible. If registered home providers complete the 18-hour course, it will count toward the six-hour annual training requirement during the year in which the course was completed and the following year, exclusive of training required by CACFP. Beginning July 1, 2012, child care programs holding a 1-star license are not eligible for child care assistance subsidies. The department honors properly issued military child care licenses to providers located on military bases and tribal child care licenses properly issued to providers located on tribal lands. A child protective services screen will be conducted on all new registered providers. Evidence of a substantiated referral for child abuse or neglect for a provider, a second caregiver, or any persons age 18 or over residing in the provider's home or working in a licensed child care center/home may result in the ineligibility of that provider to receive payments under the child care assistance program.

B. Child care providers collect required co-payments from clients and provide child care according to the terms outlined in the child care agreement.

C. New child care providers must participate in at least one orientation session within the first six months of becoming a child care vendor for the department. Providers are notified of this requirement.

D. Child care providers must notify the department within three business days after the fifth day of non-attendance if the child is disenrolled or is absent for five consecutive scheduled days. Absences totaling five or more consecutive scheduled days must be approved by the client's caseworker. Providers who do not comply with this requirement are sanctioned and may be subject to recoupment or disallowance of payments as provided by Subsection L of 8.15.2.11 NMAC.

E. Child care providers accept the rate the department pays for child care and are not allowed to charge families receiving child care assistance above the department rate for the times and days listed on the placement agreement. Failure to comply with this requirement may result in sanctions or suspension of the child care assistance contract.

(1) In situations where an incidental cost may occur such as field trips, special lunches or other similar situations, the child care provider is allowed to charge the child care assistance family the additional cost, provided the cost does not exceed that charged to private pay families.

(2) Providers may charge a registration/educational fee to a child care assistance family comparable to but not to exceed that charged to private pay families. The registration/educational fee shall be charged no more than once every six months and shall be limited to materials and supplies. If the department determines that the provider is charging fees that are unreasonable and pose an undue burden to child care assistance families, the

department may suspend the child care assistance contract.

(3) Child care providers are allowed to charge child care assistance families the applicable gross receipts tax for the sum of the child care assistance benefit and co-payment.

F. Under emergency circumstances, when CYFD has reason to believe that the health, safety or welfare of a child is at risk, the department may immediately suspend or terminate assistance payments to a licensed or registered provider.

8.15.2.16 DEPARTMENT RESPONSIBILITIES:

A. The department pays child care providers who provide child care services to department clients in a timely manner.

B. Child care assistance workers perform all casework functions in a timely manner, including the processing of payments and notifications of case actions.

C. Child care assistance workers notify clients and providers in writing of all actions, which affect services, benefits, or provider payments or status, citing the applicable policy.

D. Child care assistance workers determine eligibility for all child care assistance programs except for TANF and SNAP. Eligibility for TANF and SNAP is determined by the New Mexico human services department.

E. Child care assistance workers must inform parents of their right to choose their child care providers and provide information on how to look for quality child care in a provider.

F. The department and other organizations approved by the department provide information and orientation programs regarding child care assistance benefits, quality child care issues, and the impact of child care on the child's physical, mental, social and emotional development to parents and providers.

G. The department and other organizations approved by the department offers provider education programs consisting of training on program participation requirements, parent and provider responsibilities, licensing and registration requirements, payment issuance and background check processing, the competency areas for child care providers as outlined by the office of child development, or the department, the importance of providing quality child care, and other topics of interest to parents and providers. These education programs count toward the continuing education hours required of providers by registration and licensing regulations.

8.15.2.17 PAYMENT FOR SERVICES: The department pays child care providers on a monthly basis, according to standard practice for the child care industry. Payment is based upon the child's enrollment with the provider as reflected in the child care placement agreement, rather than daily attendance. As a result, most placements reflect a month of service provision and are paid on this basis. However, placements may be closed at any time during the month. The following describes circumstances when placements may be closed and payment discontinued at a time other than the end of the month:

A. When the eligibility period as indicated by the child care placement agreement expires during the month, including the end of a school semester; or when the provider requests that the client change providers or the provider discontinues services; payment will be made through the last day that care is provided.

B. Upon a change of provider the client and former provider have three days after the 5th day of non attendance to notify the department. If this requirement for notification was met, the provider will be paid through the 14th day following the first date of nonattendance. If notification requirement is not met, the provider will be paid through the last date of attendance. The agreement with the new provider shall become effective when payment to the previous provider ceases. If the client notifies the department of the change in providers fewer than 14 days before the change will take place or after the change has taken place, the client is responsible for payment to the new provider beginning on the start date at the new provider and continuing up until the final date of payment to the former provider, as described above. Payment to the former provider will be made through the last day that care is provided if the child is withdrawn from the provider because the health, safety or welfare of the child is at risk, as determined by a substantiated complaint against the child care facility.

C. The amount of the payment is based upon the average number of hours per week needed per child during the certification period. The number of hours of care needed is determined with the parent at the time of certification and is reflected in the provider agreement. Providers are paid according to the units of service needed which are reflected in the child care agreement covering the certification period.

D. The department pays for care based upon the following units of service:

| Full time | Part time 1 | Part time 2 | Part time 3 |
|---|--|--|--|
| Care provided for an average of 30 or more hours per week per month | Care provided for an average of 20-29 hours per week per month | Care provided for an average of 6 -19 hours per week per month | Care provider for an average of 5 or less hours per week per month |
| Pay at 100% of full time rate | Pay at 75 % of full time rate | Pay at 50 % of full time rate | Pay at 25% of full time rate |

E. Hours of care shall be rounded to the nearest whole number.

F. Child care placement agreements for out of school time care shall be opened and closed concurrent with the beginning and end of summer vacations, with the exception of year round school.

G. Monthly reimbursement rates:

H. The department pays a differential rate according to the location of the provider, license or registration status of the provider, national accreditation status of the provider if applicable, Star level status of the provider if applicable, and in accordance with the rate established for metro or non-metro location of the provider. Providers located in the metropolitan statistical areas of the state as determined by the U.S. census bureau receive the metropolitan rate. All other providers receive the non-metro rate.

I. Providers holding national accreditation status receive an additional \$132.00 per child per month for full time care above the metro rate for type of child care (licensed center, group home or family home) and age of child. All licensed nationally accredited providers will be paid at the metro rates for the appropriate age group and type of care. In order to continue at this accredited reimbursement rate, a provider holding national accreditation status must meet and maintain licensing standards and maintain national accreditation status without a lapse. If a provider holding national accreditation status fails to maintain these requirements, this will result in the provider reimbursement reverting to a lower level of reimbursement. The provider is required to notify the department immediately when a change in accreditation status occurs.

J. The department pays a differential rate to providers achieving higher Star levels as follows: 3-Star at \$70.00 per month per child for full time care above the base reimbursement rate; 4-Star at \$104.50 per month per

child for full time care above the base reimbursement rate, and 5-Star at \$132.00 per child per month for full time care above the base reimbursement rate. In order to continue at these reimbursement rates, a provider must maintain and meet most recent star criteria and basic licensing requirements. If the provider fails to meet the requirements, this will result in the provider reimbursement reverting to the level demonstrated.

K. The department pays a differential rate equivalent to 5, 10, or 15% of the applicable full-time/part-time rate to providers who provide care during non-traditional hours. Non-traditional care will be paid according to the following charts:

| | 1-10 hrs/wk | 11-20 hrs/wk | 21 or more hrs/wk |
|-------------|-------------|--------------|-------------------|
| After hours | 5% | 10% | 15% |

| | 1-10 hrs/wk | 11-20 hrs/wk | 21 or more hrs/wk |
|---------------|-------------|--------------|-------------------|
| Weekend hours | 5% | 10% | 15% |

L. If a significant change occurs in the client’s circumstances, (see Subsection G of 8.15.2.13 NMAC) the child care placement agreement is modified and the rate of payment is adjusted. The department monitors attendance and reviews the placement at the end of the certification period when the child is re-certified.

M. The department may conduct provider or parent audits to assess that the approved service units are consistent with usage. Providers found to be defrauding the department are sanctioned. Providers must provide all relevant information requested by the department during an audit.

N. Payments are made to the provider for the period covered in the placement agreement or based on the availability of funds, which may be shorter than the usual six to 12 month certification period. The client’s certification period may be established for a period less than six months, if applicable to their need for care. 8.15.2.18 UNDER PAYMENTS: If a client or provider is underpaid for child care services, the department may issue a one-time payment within 15 calendar days of the department’s knowledge or receipt of notification. Notification of the department by the client or provider must occur within 90 calendar days of the occurrence of alleged underpayment.

[8.15.2.18 NMAC - Rp, 8.15.2.18 NMAC, 02/14/05; A, 11/30/12]

8.15.2.19 OVER PAYMENT AND RECOUPMENT: If a provider receives payment for services for which he/she is not entitled, or a client receives benefits on behalf of their child for which he/she is not entitled, and this results in an overpayment, the child care worker will initiate recoupment procedures unless the early childhood services director deems otherwise in exceptional circumstances. The client or provider must repay the amount of the overpayment to the department within 30 calendar days of notification, unless the department determines that the amount is so large that it cannot be paid in one lump sum. In this case, the department may allow the client or provider to repay the amount over a payment period, usually not to exceed four months. The department arranges with the client or provider to make regular payments over the agreed-upon payment period or establishes a schedule of deductions from future payments issued over the agreed-upon payment period. Failure to make regular payments may result in sanctions including termination of benefits or referral of the account to a collection agency or legal action.

[8.15.2.19 NMAC - Rp, 8.15.2.19 NMAC, 02/14/05; A, 06/30/10]

8.15.2.20 FRAUD: The purposeful misrepresentation of facts relating to eligibility for benefits, or knowingly omitting information that affects eligibility is fraud and appropriate sanctions are initiated by the department. Fraudulent cases are reported to the department, which will take such action as is deemed necessary. The case remains open at the same rate of benefits until the investigation is concluded and disposition is determined.

[8.15.2.20 NMAC - Rp, 8.15.2.20 NMAC, 02/14/05]

8.15.2.21 SANCTIONS: If a client or provider fails to meet programmatic requirements that affect benefits and result in an overpayment, sanctions may be imposed according to the severity of the infraction as determined by the department and detailed below.

A. Providers or clients who fail to make timely payments in the case of recoupment of overpayments may be disqualified from the program until payment is brought current.

B. Providers or clients who fail to report in a timely manner that a child is not in attendance for five

consecutive, scheduled days will have the payment recoupment process initiated.

C. Providers who allow their registration or license to lapse without renewal will not be paid during the periods for which the license or registration is not current. Providers who lose national accreditation status or lose eligibility for payment at any level of reimbursement for failure to maintain the standards required to be paid at that level of reimbursement, will not be paid at that level of reimbursement beginning with the first day of the month during which the loss of accreditation or eligibility occurred. Payment recoupment will be sought for any period for which excessive benefits have been paid.

D. Clients who fail to pay co-payments may be disqualified until the co-payment is paid or until an agreement is made between the client and the provider to bring the co-payment current. The department assists the provider in collecting the co-payment only if the co-payment has been in arrears 30 calendar days or less.

E. Clients who fail to timely report changes that affect their eligibility resulting in an overpayment may be sanctioned and payment recoupment may be sought for the entire amount accruing from the end of the five business days allowed for notification through the date the client provides notice of the change to the department. A first offense may result in a written warning and recoupment; a second offense may result in a three-month suspension and recoupment; and a subsequent offense may result in permanent disqualification.

[8.15.2.21 NMAC - Rp, 8.15.2.21 NMAC, 02/14/05; A, 08/31/06; A, 06/30/10; A, 11/30/12]

8.15.2.22 FAIR HEARINGS: Clients who have been denied benefits, whose benefits have been reduced, suspended, or terminated, or who have been sanctioned or disqualified from the program, or providers who have been sanctioned, disqualified from the program, had assistance payments suspended or terminated, or from whom a payment recoupment is being sought may request a fair hearing. The request for a fair hearing must be made in writing within 30 calendar days from the date the department took the adverse action affecting the claimant's benefits.

A. The department reviews the request for hearing and determines if the matter can be resolved without proceeding to a fair hearing. If the matter cannot be resolved without a fair hearing, the department conducts the fair hearing within 60 calendar days of receipt of the letter requesting the hearing and notifies the claimant of the date of the hearing no less than 14 calendar days prior to the hearing. The location of the hearing must be easily accessible to the claimant. Conducting the fair hearing by telephone is permitted. The claimant may request a change of date, provided that the 60 calendar day time limit is not exceeded.

B. The department appoints a hearing officer. The department is not responsible or liable for a claimant's travel costs, legal costs, or any other costs associated with the claimant's request for a fair hearing.

C. The hearing officer reviews all of the relevant information and makes a final decision within 30 calendar days of the hearing. The final decision is binding upon the department and claimant and implemented within 14 calendar days of the hearing decision. The claimant is notified in writing of the hearing officer's decision within 14 calendar days of the hearing decision.

D. At the claimant's option the case may remain open at the same benefit level until disposition. If the decision is in favor of the department, the claimant is responsible for repayment of all monies received to which the claimant was not entitled, unless the hearing decision provides otherwise or the early childhood services director authorizes otherwise in exceptional circumstances. The fair hearing process is not intended as a means to extend the time for receipt of child care assistance payments to which the recipient is not otherwise entitled, and therefore exceptional circumstances must be explicitly stated.

E. Child care assistance workers determine eligibility for all child care assistance programs except for TANF and SNAP. Eligibility for TANF and SNAP is determined by the New Mexico human services department. If TANF and SNAP benefits are modified or terminated by HSD, then the client applies for a fair hearing to HSD.

The department's toll free number is posted in each office and made available to clients and providers upon request. The local supervisor, bureau chief, director or secretary responds to complaints by clients or providers orally or in writing as is deemed appropriate in each case.
