PART-DAY CHILDREN'S PROGRAMS

OKLAHOMA DEPARTMENT OF HUMAN SERVICES

Effective Date: 7/01/10

FOREWORD

Licensing requirements govern child care facilities in the State of Oklahoma. These rules are minimum requirements for the care and protection of children in care outside their own homes. They were developed by individuals from various professions with expertise in child care, including private providers; the Child Care Advisory Committee; and from input solicited from other providers and the public. The requirements were approved by the Commission for Human Services and the Governor of the State of Oklahoma pursuant to the Oklahoma Administrative Procedures Act.

It is the Oklahoma Department of Human Services' (OKDHS) intent that licensing requirements are clear, reasonable, fair and enforceable. In the interest of serving the public, comments are welcomed and will be considered for future revisions or development of new requirements. Please complete the form below and send it to:

(5) Children age 12 years and younger are prohibited from sitting in the front seat of an airbag equipped passenger vehicle unless an airbag cut off switch is installed and activated or if the vehicle has airbags equipped with weight sensitive devices. If a child 12 years of age or younger must be placed in front of an air bag, because all other positions are taken, it must be a child whose age and weight requires a forward facing harness seat.

(f) Vehicle requirements.

Section 406 - Investigations and Visitation

- A. - B. 1. The State Department of Health may visit any licensee or applicant at the request of the Department to advise on matters affecting the health of children and to inspect the sanitation of the buildings used for their care.
2. The State Fire Marshal may visit any licensee or applicant at the request of the Department to advise on matters affecting the safety of children and to inspect the condition of the buildings used for their care.

SUPPLEMENT I

are reasonable grounds to believe that a facility is in violation of the Oklahoma Child Care Facilities Licensing Act or of any standard or rule promulgated pursuant thereto, the Department shall:

 - c. document the facility's plan for correcting any substantiated violations.
2. If the Department determines there has been a violation and the violation has a direct impact on the health, safety or well-being of one or more of the children cared for by the facility, the Department shall notify the facility and require correction of the violation.
 3. The Department shall notify the facility that failure to correct the confirmed violation can result in the revocation of the license, the denial of an application for a license, the issuance of an emergency order or the filing of an injunction pursuant to the provisions of Section 409 of this title.
 4. If the facility refuses to correct a violation or fails to complete the plan of correction, the Department may issue an emergency order, revoke the license, or deny the application for a license. Nothing in this section or Section 407 of this title shall be construed as preventing the Department from denying an application, revoking a license, or issuing an emergency order for a single violation of this act, or the rules of the Commission for Human Services as provided in Section 404 of this title.
- D. Upon the completion of the investigation of a complaint against any child care facility alleging a violation of the provisions of the Oklahoma Child Care Facilities Licensing Act or any licensing standard promulgated thereto by the Commission, the Department shall clearly designate its findings on the first page of the report of the investigation. The findings shall state whether the complaint was substantiated or unsubstantiated.
- E. Information obtained by the Department or Oklahoma Child Care Services concerning a report of a violation of a licensing requirement, or from any licensee regarding children or their parents or other relatives shall be deemed confidential and privileged communications, shall be properly safeguarded, and shall not be accessible to anyone except as herein provided, unless upon order of a court of competent jurisdiction. Provided, however, this provision shall not prohibit the Department from providing a summary of allegations and findings of an investigation involving a child care facility that does not disclose identities but that permits parents to evaluate the facility.

Section 406 .1 - Indian Tribal Child Care Facility Electing Licensure Under Oklahoma Child Care Facilities Licensing Act - Agreement for State Inspection

- A. If an Indian tribe in this state that operates a child care facility elects to apply for a license for the facility pursuant to the Oklahoma Child Care Facilities Licensing Act, the Department of Human Services, the State Department of Health, and the State Fire Marshal may enter into an agreement with the Indian tribe to allow the state to conduct any inspections of the facility necessary to comply with the licensing provisions of the Oklahoma Child Care Facilities Licensing Act.

SUPPLEMENT I

- B. As part of the agreement authorizing the state to conduct inspections as provided in this section, the state and the Indian tribe may agree to a payment of a fee by the Indian tribe to the state in an amount not to exceed the reasonable cost to the state to conduct the inspections.

Section 407 - Revocation or Denial of Issuance of License

- A. The Department of Human Services may revoke or deny issuance of the license of any child care facility found to be in violation of any provision of this act or the rules of the Commission for Human Services, as provided in Section 404 of this title.
- B.

 - 2. At the time the facility is given notice in writing of the revocation or denial of a license, the Department shall also advise parents of children attending the facility and the child care resource and referral organization within one (1) business day of such action by verbal, electronic, or written notification and the posting of an announcement in the facility.
 - 3. If the revocation or denial is protested within thirty (30) days of receipt of notice, by writing addressed to the Commission for Human Services, the Commission, or its authorized agency, shall conduct a hearing at which an opportunity shall be given to the licensee or applicant to present testimony and confront witnesses.
 - 4. Notice of the hearing shall be given to the licensee or applicant by personal service or by delivery to the proper address by certified mail, return receipt requested, at least two (2) weeks prior to the date thereof.
 - 5. If notice of the proposed revocation or denial of a license is not protested, the license shall be revoked or denied.
- C.
 - 1. Nothing in this section or Section 406 of this title shall be construed as preventing the Department from taking emergency action as provided by this subsection.
 - 2. For the purposes of this subsection, "emergency" means a situation that poses a direct and serious threat to the health, safety, or welfare of any child cared for by the facility.
 - 3. Whenever the Department finds, after an investigation, that an emergency exists requiring immediate action to protect the health, safety, or welfare of any child cared for by a facility licensed, authorized, or providing unlicensed care except as exempted by the provisions of the Oklahoma Child Care Facilities Licensing Act, the Department may without notice or hearing issue an emergency order stating the existence of such an emergency and requiring that such action be taken as it deems necessary to meet the emergency including, when necessary, removing children from the facility and prohibiting the facility from providing services to children pending a hearing on the matter.
 - a. An emergency order shall be effective immediately. Any person to whom an emergency order is directed shall comply with the emergency order immediately but, upon written request to the Department on or before the tenth day after receipt of the emergency order, shall be afforded a hearing on or before the tenth day after receipt of the request by the Department.

SUPPLEMENT I

- b. On the basis of such hearing, the Department shall continue the order in effect, revoke it, or modify it.
- c. Any person aggrieved by the order continued after the hearing provided for in this subsection may appeal to the district court of the area affected within ten (10) days. The appeal when docketed shall have priority over all cases pending on the docket, except criminal cases.
- D. The Department shall establish a process to review the initial determination of the closure of a facility due to an emergency pursuant to the licensing requirements promulgated by the Commission.
- E. The Department shall continue to monitor any facility whose license has been revoked, denied, or who has had an emergency order issued for a period of thirty (30) days after the action becomes final.
- F. In addition to any other remedy authorized by this act, a CLEET-certified officer may issue a citation for a violation of any provision of this act or rules of the Commission for Human Services as provided in Section 404 of this title. The fine shall not be less than One Hundred Dollars (\$100.00) nor more than Five Hundred Dollars (\$500.00) for every day the facility maintains and receives children after:
 - 1. An emergency order has been issued; or
 - 2. An application for a license has been denied or the license has been revoked.
- G. One-half (1/2) of the funds collected pursuant to subsection F of this section shall be deposited in the Quality of Care Development Fund established in Section 10 of this act and one-half (1/2) shall be retained by the law enforcement agency represented by the CLEET-certified officer.

Section 408 – Appeals

- A. Any licensee or applicant aggrieved by the decision of the Department of Human Services under Sections 405 or 407 of this title may, within ten (10) days after the revocation or denial of the license, appeal to the district court of the county in which the child care facility is maintained and operated by filing with the clerk of the court a verified petition. Notice of such appeal shall be served on the Director of the Department within five (5) days of the date of its filing.
- B. The Department shall, within ten (10) days of the service of such notice, file with the clerk of such court a transcript of the proceedings had before it. The district court shall thereupon be vested with jurisdiction to review the proceedings of the Department; provided that, if the Department prevails, the judgment of the district court shall be that the decision of the Department be affirmed, and if the licensee or applicant prevails, the judgment of the court shall be that the revocation be set aside or the license issued or renewed, as the case may be. Pending the hearing of the appeal, the action of the Department revoking or denying the license or the granting thereof shall be stayed; provided, after the filing of an appeal, the district court, upon application by the Department and after an appropriate hearing, may grant a restraining order to enforce the decision of the Department.

SUPPLEMENT I

Section 409 - Injunction

Any person or child care facility may be enjoined from maintaining and operating such facility for violations of any provisions of this act by suit brought in the name of the state by the Attorney General of Oklahoma or by a county attorney.

Section 410 - Violations - Punishment

Any person or agent, representative, or officer of any child care facility who violates any of the provisions of the Oklahoma Child Care Facilities Licensing Act shall, upon conviction, be deemed guilty of a misdemeanor and punished in accordance with the provisions of Section 10 of Title 21 of the Oklahoma Statutes. Whenever any agent, representative, or officer of any child care facility shall be convicted under authority of this act, such conviction shall be sufficient ground for the revocation of the entity's license.

Section 410.1 - Quality of Care Development Fund

There is established in the State Treasury a revolving fund to be known as the "Quality of Care Development Fund". The fund shall be a continuing fund, not subject to fiscal year limitations, and shall consist of all fines collected by the Department of Human Services pursuant to Section 407 of Title 10 of the Oklahoma Statutes and shall, in addition to any other monies made available for such purpose, be available to the Director solely to support the continued improvement of the child care facilities in this state. Expenditures from the fund shall be made upon warrants issued by the State Treasurer against claims filed as prescribed by law with the Director of State Finance for approval and payment.

- A. No person, firm, corporation, partnership or other legal entity operating a day care center or day care home in this state shall cause or permit a minor child two (2) months of age or older to be admitted to such facility unless and until the parent, guardian, or other related person of such child presents certification from a licensed physician or authorized representative of any state or local department of public health that such child has received or will receive immunization at the medically appropriate time against diphtheria, pertussis, tetanus, haemophilus influenzae type B (HIB), measles (rubeola), rubella, hepatitis A, varicella, and poliomyelitis; or presents such certification that the child is likely to be immune as a result of the disease. Provided, however, that in the event the parent, guardian, or other person presenting a child for admission to a day care center or day care home certifies in writing that a family emergency exists, the requirement imposed by this section may be waived for a period not to exceed thirty (30) days. Such certification shall be made prior to the provision of care. No such waiver shall be knowingly permitted more than once for any child.
- B. The State Board of Health, by rule, may alter the list of immunizations required under this section after notice and hearing. Any change in the list of immunizations required

SUPPLEMENT I

shall be submitted to the next regular session of the Legislature and such change shall remain in force and effect unless and until a concurrent resolution of disapproval is passed. Hearings shall be conducted by the State Board of Health, or such officer, agents or employees as the State Board of Health may designate for that purpose. The State Board of Health shall give appropriate notice of the proposed change in the list of immunizations required and of the time and place for hearing. The change shall become effective on a date fixed by the State Board of Health. Any change in the list of immunizations required may be amended or repealed in the same manner as provided for its adoption. Proceedings pursuant to this subsection shall be governed by the Administrative Procedures Act.

Section 412 - Manner and Frequency of Immunizations - Enforcement of Act

- A. The immunizations required by this act, and the manner and frequency of their administration, as prescribed by the State Board of Health, shall conform to recognized standard medical practices in this state. The State Department of Health shall supervise and secure the enforcement of the required immunization program.
- B. The Department of Human Services shall render reasonable assistance to the State Department of Health in the enforcement of the provisions of this act. This assistance shall be in the form of revocation or denial of the license of any facility not in compliance with this act.

Section 413 - Exemptions

Any minor child, through his or her parent or guardian, may submit to the health authority charged with the enforcement of the immunization laws, a certificate of a licensed physician stating that the physical condition of the child is such that immunization would endanger the life or health of the child; or upon receipt of a written statement by the parent or guardian objecting to such immunizations because of religious or other reasons, then such child shall be exempt from the provisions of this act.

Section 414 - Administration of Immunizations - Persons Eligible - Indigent Persons

The immunizations shall be administered by, or under the direction of, a licensed physician, or by any local or state health department. If the parent or guardian is unable to pay, the State Department of Health shall provide, without charge, the immunization materials required by this act.

Section 415 - Child with Reportable Contagious Disease to be Excluded from Day Care Facility

Any child afflicted with a reportable contagious disease shall be excluded from attending a day care center or day care home until such time as the period of communicability has elapsed as determined by a licensed physician or health department official. Such exclusion shall be reported to a local health department official.

SUPPLEMENT I

Section 418 – Authority to obtain evidence – Administration of oaths

When conducting investigations of complaints as provided in this article, the Department of Public Welfare shall have the power to summon any person to appear and produce such books and papers as shall be designated in the summons, and to give testimony under oath concerning the matter and institution under investigation. The Department shall have the power to administer oaths to such persons as may be summoned and to enforce all such powers as are given to notaries public when they are taking depositions.

SUPPLEMENT II

WHAT IS CHILD ABUSE?

What is the Law? Oklahoma statutes define child abuse as harm or threatened harm to a child's health or welfare by a person responsible for the child. This includes non-accidental physical or mental injury, sexual abuse or neglect (10 O.S. Section 7102).

- Physical abuse is non-accidental physical injury to a child.
- Mental injury is an injury to a child's psychological growth and development. It is caused by a chronic pattern of behaviors, such as belittling, humiliating and ridiculing a child.
- Sexual abuse, in general terms, includes any sexual activity between an adult and a child for the purpose of sexually stimulating the adult, the child or others. Sexual abuse may also be committed by a person under the age of 18 when that person is either significantly older than the victim or is in a position of power or control over the child.
- Neglect is the failure of the parent or caretaker to provide a child with basic needs such as food, clothing, shelter, medical care, protection and supervision.
- Threatened harm means a substantial risk of harm to the child. It may include acts or expressions of intent to inflict actual harm presently or in the future.

Who must report? Every person, private citizen or professional, who has reason to believe that a child has been abused, is mandated by law to promptly report suspected abuse. Failure to do so is a misdemeanor. A person making a report in good faith is immune from civil or criminal liability. The name of the reporter is kept confidential.

When to report? A report should be made when there is reasonable cause to believe that a child has been abused or neglected or is in danger of being abused. A report of suspected abuse is a request for an investigation. Investigation of child abuse reports is the responsibility of Child Welfare workers and, when a crime may have been committed, law enforcement officials.

If other incidents of abuse occur after the initial report has been made, another report should be made.

How is abuse reported? A report may be made to the 24-hour statewide Child Abuse Hotline, 1-800-522-3511.

SUPPLEMENT IV

MINIMUM IMMUNIZATION REQUIREMENTS

LAW

Section 411 of Title 10 of the Oklahoma Statutes mandates children attending child care obtain, at the medically appropriate time, the Required Immunization Schedule vaccines.

EXEMPTIONS FROM THE LAW

Exemptions from the law are allowed for medical, religious and personal reasons. Below are summaries, including procedures for obtaining exemptions.

Exemption Procedures. Child care programs willing to enroll an unimmunized child based on an exemption, obtain Certificate of Exemption forms (ODH 216A) from the Oklahoma State Department of Health (OSDH) Immunization Service (405-271-4073). Parents complete the form, obtain required signatures, and return it to the child care program. Programs review the form for proper completion and signatures, keep a copy in place of an immunization record, and send a copy to the OSDH Immunization Service for approval.

Medical. For exemptions based on medical reasons, a Certificate of Exemption must be signed by a licensed physician and state the child's physical condition is such that a particular immunization would endanger the life or health of the child. The parent is responsible for obtaining the signature of the physician.

Religious. For exemptions based on religious reasons, a Certificate of Exemption must be signed by a parent or religious leader or a written statement signed by a religious leader or parent may be attached to the Certificate of Exemption.

Personal. For exemptions based on personal beliefs, a Certificate of Exemption must be signed by a parent and include a brief written statement summarizing his or her objections to immunizations.

FAMILY EMERGENCIES

This provision applies in rare instances when a true family emergency exists, such as a death in the family. A program may allow a child to enter and remain for up to 30 calendar days, without an immunization record. However, a dated and signed parent statement is required. The record must be provided at the earliest possible opportunity. If at the end of 30 days an up to date record has not been provided, the child care program must exclude the child. No child may receive this waiver more than once.

EXCLUSION OF EXEMPT CHILDREN DURING OUTBREAKS

If there is an outbreak of a vaccine-preventable disease, child care programs may be required to exclude unimmunized children based on exemptions or family emergencies. The exclusion may be a lengthy period of time. The Commissioner of Health makes this decision and the child care program would be contacted. The child care program is responsible for informing the parent of this possibility at the time the Certificate of Exemption is accepted by the program.

CHILD PASSENGER RESTRAINT SYSTEM - WHEN REQUIRED

Oklahoma Statute
47 O.S. Section 11-1112
(Amended 2005)

A. Every driver when transporting a child under six (6) years of age in a motor vehicle operated on the roadways, streets, or highways of this state shall provide for the protection of said child by properly using a child passenger restraint system. For purposes of this section and section 11-1113 of this title, "child passenger restraint system" means an infant or child passenger restraint system that meets the federal standards as set by 49 C.F.R. §571.213.

B. Children at least six (6) years of age but younger than thirteen (13) years of age shall be protected by use of a child passenger restraint system or a seat belt.

C. The provisions of this section shall not apply to:

1. The driver of a school bus, taxicab, moped, motorcycle, or other motor vehicle not required to be equipped with safety belts pursuant to state or federal laws;
2. The driver of an ambulance or emergency vehicle;
3. The driver of a vehicle in which all of the seat belts are in use;
4. The transportation of children who for medical reasons are unable to be placed in such devices; or
5. The transportation of a child who weighs more than forty (40) pounds and who is being transported in the back seat of a vehicle while wearing only a lap safety belt when the back seat of the vehicle is not equipped with combination lap and shoulder safety belts, or when the combination lap and shoulder safety belts in the back seat are being used by other children who weigh more than forty (40) pounds. Provided, however, for purposes of this paragraph, back seat shall include all seats located behind the front seat of a vehicle operated by a licensed child care facility or church. Provided further, there shall be a rebuttable presumption that a child has met the weight requirements of this paragraph if at the request of any law enforcement officer, the licensed child care facility or church provides the officer with a written statement verified by the parent or legal guardian that the child weighs more than forty (40) pounds.

D. A law enforcement officer is hereby authorized to stop a vehicle if it appears that the driver of the vehicle has violated the provisions of this section and to give an oral warning to said driver. The warning shall advise the driver of the possible danger to children resulting from the failure to install or use a child passenger restraint system or seat belts in the motor vehicle.

SUPPLEMENT VII

E. A violation of the provisions of this section shall not be admissible as evidence in any civil action or proceeding for damages.

F. In any action brought by or on behalf of an infant for personal injuries or wrongful death sustained in a motor vehicle collision, the failure of any person to have the infant properly restrained in accordance with the provisions of this section shall not be used in aggravation or mitigation of damages.

G. Any person convicted of violating subsection A or B of this section shall be punished by a fine of Fifty Dollars (\$50.00) and shall pay all court costs thereof. Revenue from such fine shall be apportioned to the Department of Public Safety Revolving Fund and used by the Oklahoma Highway Safety Office to promote the use of child passenger restraint systems as provided in Section 11-1113 of this title. This fine shall be suspended and the court costs limited to a maximum of Fifteen Dollars (\$15.00) in the case of the first offense upon proof of purchase or acquisition by loan of a child passenger restraint system. Provided, the Department of Public Safety shall not assess points to the driving record of any person convicted of a violation of this section.

SUPPLEMENT VII

CHILD PASSENGER SAFETY IN OKLAHOMA

Most Frequently Asked Questions

1. What is the purpose and intent of the child passenger restraint law?

The law helps to protect children during transportation. A 45-lb. child in a 30-mph crash will be thrown with a force of 1,350 lbs. Fortunately, child safety seats provide a 45-70 percent reduction in significant injuries, depending on the type of seat that is used (booster seat, convertible seat, infant seat, etc.).

2. What are the statistics on death or serious injuries in Oklahoma?

More than 20 children under 6 years of age die each year in motor vehicle crashes, and more than 1,100 children are injured, many permanently. More than 70 percent of children who die are not in a child safety seat. Unfortunately, less than 24 percent of all 4-year olds rode in a booster seat prior to the passage of this law.

3. What does the law require?

Children under the age of 6 must be transported using a “child passenger restraint system” which has met federal standards. A child age 6 and up to the age of 13 may be transported using either a “passenger restraint system” or a seat belt.

4. Are there exemptions to the law that affect child care facilities?

- a. school buses, or any vehicle not required by law to be equipped with seat belts.
- b. children weighing over 40 pounds being transported in a back seat using only a lap belt. A lap belt only is acceptable when the back seat of the vehicle is not equipped with lap/shoulder belts OR when the lap/shoulder belts are being used by other children over 40 pounds.
- c. medical issues prohibiting use of belt or restraint system.

5. What about older vehicles that do not have shoulder belts in the back seat? What about the center back seat position, which usually does not include a shoulder belt?

The vast majority of booster seats on the market require the use of a lap/shoulder belt. There are only a few seats that do not. For this reason, an exemption was included in the law. The law “shall not apply to . . . the transportation of a child who weighs more than 40 lbs. and who is being transported in the back seat of a vehicle while wearing only a lap safety belt when the back seat of the vehicle is not equipped with combination lap and shoulder safety belts, or when the combination lap and shoulder safety belts in the back seat are being used by other children who weigh more than 40 lbs.”

While lengthy, the exemption was worded this way in part to prevent a motorist from placing a 4- or 5-year-old child in the center lap belt with no booster seat, with empty lap/shoulder belts on either side. This wording closes that loophole for motorists who would deliberately attempt to skirt the law.

SUPPLEMENT VII

6. Are there different types of booster seats?

Booster seats for children over 40 lbs. (about 4 years old) generally fall into two categories: backless boosters and high-back boosters. Both are considered “belt-positioning” boosters, because they help to properly position the lap belt on the child’s lap and hip bones, rather than the abdomen.

High-back boosters are recommended for positions in vehicles that do not have head rests (usually older vans and pickup trucks). Backless boosters are sufficient for positions that do have head rests (new vans and trucks and virtually all sedans). Both seats achieve the same thing: they boost the child high enough so that the seat belt fits properly.

Both require the use of a lap/shoulder belt.

7. What are some important facts to remember considering the transportation of children?

Be sure that any booster seat, car seat or infant seat is used according to the manufacturer’s instructions.

Ensure that the type of passenger restraint system is used properly with the type of seat belt system that is installed in your vehicle.

Remember to verify the particular car seat is appropriate for the specific height and weight of the child that is being transported.

8. What resources are available to help low-income families obtain booster seats?

- a. EMSA distributes at least 100 free seats in Oklahoma City and 100 in Tulsa at child safety seat checks each month.
- b. All county health departments distribute free seats, mostly to WIC-eligible clients.
- c. Contact SAFE KIDS to find out other resources in your area.
- d. SAFE KIDS offers subsidized seats to families who receive some type of public assistance. The cost to the client is between \$5-\$10, depending on the type of booster seat. In addition, a limited number of free seats are distributed at each child safety seat check. Call SAFE KIDS for more information.

8. Where can I receive more information regarding transportation safety of children?

Oklahoma SAFE KIDS Coalition is available to assist with questions. For more information, call (405) 271-5695 or e-mail: safekids@ouhsc.edu.
