

Acknowledgments

The following individuals and organizations are acknowledged for their contributions as subject matter experts or field reviewers for *Caring for Our Children, Third Edition*. Some of those listed also served as subject matter experts for revised standards included in *Caring for Our Children, Fourth Edition*, which did not undergo additional field testing.

The National Resource Center for Health and Safety in Child Care would like to acknowledge the outstanding contributions of all persons and organizations involved in the revision of *Caring for Our Children: National Health and Safety Performance Standards: Guidelines for Out-of-Home Child Care Programs, Third Edition*. The collaboration of the American Academy of Pediatrics, the American Public Health Association, and the Maternal and Child Health Bureau provided a wide scope of technical expertise from their constituents in the creation of this project. The subject-specific Technical Panels as listed provided the majority of the content and resources. Over 180 organizations and individuals were asked to review and validate the accuracy of the content and contribute additional expertise where applicable. The individuals representing these organizations are listed in *Stakeholder Reviewers/Additional Contributors* (see below). This broad collaboration and review from the best minds in the field has led to a more comprehensive and useful tool.

In a project of such scope, many individuals provide valuable input to the end product. We would like to acknowledge those individuals whose names may have been omitted.
